About Company

Welcome to **NXT PHOENIXX SMARTBUILD LLP**, your premier partner for EPC and turnkey solutions in Ahmedabad! We specialize in Cold Storage, Factory Construction, Packhouse, Warehouse, and Manufacturing Facilities across various industries, including Pharma, Food Processing, Dairy, Hospitality, Healthcare, and Precision Engineering.

At NXT PHOENIXX SMARTBUILD LLP, we are committed to delivering high-quality, reliable, and efficient solutions tailored to meet your specific needs. Our expert team is here to assist you in every step of your project, ensuring a seamless and hassle-free experience.

At our company, we specialize in providing comprehensive turnkey EPC solutions tailored to the cold chain industry. We cater to a diverse range of storage needs, from cold rooms and bulk storage facilities to high-tech cold storage solutions for sensitive products like potatoes, onions, jaggery, and other perishable items. Our expertise extends to Controlled Atmosphere (CA) and Modified Atmosphere (MA) storages, ensuring optimal preservation conditions for a variety of goods.

We also offer specialized storage solutions such as ripening chambers for bananas and mangoes, blast chillers, and freezers that reach temperatures as low as -35°C . Our pre-coolers and curd incubation rooms are designed to enhance product quality and extend shelf life, while our multi-commodity cold storage facilities are versatile enough to handle different products under one roof.

With our robust and reliable cold chain solutions, we are committed to delivering excellence and innovation to support your business's needs, helping to maintain the quality and freshness of your products.

Our Vision

"To be the leading provider of construction and cold chain solutions in India, known for our sustainable practices, cutting-edge technology, and the ability to turn challenges into opportunities".

Our Mission

To empower businesses by providing state-of-the-art, sustainable infrastructure solutions that drive growth and efficiency. Our mission is rooted in a commitment to quality, innovation, and customer satisfaction.

Our Values

Integrity: We conduct our business with the highest standards of professionalism and ethical principles.

Innovation: Continuous improvement and innovation are at the heart of our operations, helping us to deliver advanced solutions that meet the evolving needs of our clients.

Excellence: We strive for excellence in every project, ensuring that our work not only meets but exceeds expectations.

Collaboration: We believe in the power of teamwork and collaboration, both within our organization and with our clients, to achieve outstanding results.

Ownership: Taking pride and initiative, holding ourselves accountable for our actions, and nurturing the Business & communities we work in.

Why Choose Phoenixx

Industry Experience: With over 12 years as a trusted partner, Phoenixx has provided comprehensive solutions in cold chain and modular construction, making us a leader in the field.

Tailored Solutions: We specialize in understanding and addressing the unique challenges and requirements of each client, ensuring solutions that are precise and effective.

High-Quality Products: Our offerings are characterized by exceptional quality and reliability, designed to meet the highest standards.

Integrated Services: Phoenixx boasts in-house capabilities across design, engineering, procurement, and construction, complemented by a trained and dedicated after-sales service team.

Energy Efficiency and Safety: We provide energy-efficient solutions along with fire-rated products to enhance safety and performance.

Expertise and Quality: Our team of skilled professionals is equipped with extensive industry experience to deliver top-notch, tailored solutions using the best materials and advanced technology.

Customer Satisfaction: At Phoenixx, client satisfaction is paramount. We engage closely with you to understand your needs and exceed your expectations.

Local Presence: Located conveniently in Ahmedabad, we are your local specialists for all construction and cold storage requirements.

By selecting **NXT PHOENIXX SMARTBUILD LLP**, you choose excellence, reliability, and a committed partner dedicated to bringing your vision to life. Contact us today to embark on a journey to build something extraordinary together!

STANDARD TERMS & CONDITIONS – (Applicable for Supply, Installation & Commissioning Works)

1. Scope of Offer

This commercial offer is prepared based on the technical specifications provided by the client. It is subject to the scope, quantities, and configuration detailed in the technical proposal, Bill of Quantities (BOQ), and any other relevant documentation issued by NXT PHOENIXX SMARTBUILD LLP.

2. Technical Drawings & Approvals

Upon receipt of a confirmed order, NXT PHOENIXX SMARTBUILD LLP shall provide detailed layout and technical drawings for client review. Execution of the project shall be based strictly on the client-approved drawings. No changes will be entertained post-approval unless mutually agreed upon in writing.

3. Inspection & Testing

All pricing assumes inspection and final acceptance testing at the installation site unless explicitly mentioned otherwise in the offer. The scope excludes factory inspection, third-party/lab testing, or any non-standard evaluations. Final acceptance tests will be conducted using mutually pre-agreed parameters and methodology.

4. Price Basis & Taxation

Quoted prices are exclusive of applicable taxes, duties, and levies unless specified. Any applicable taxes (GST, freight, insurance, etc.) will be charged extra. In the event that concessional duties/taxes apply based on government notifications or statutory forms, the client must provide valid documentation. NXT PHOENIXX SMARTBUILD LLP reserves the right to claim or reverse input credits accordingly.

5. Taxes & Statutory Deductions

All taxes (including GST) are to be borne by the client. TDS, if deductible, should be deposited by the client and TDS certificates must be provided within statutory timelines. No deductions, other than those legally applicable, shall be entertained.

6. Lien on Supplied Goods

All materials and goods supplied remain the property of NXT PHOENIXX SMARTBUILD LLP until full and final payment is received. The company reserves the right to reclaim materials in case of payment default.

7. Execution Timeline

The committed execution period shall be calculated from the date of receiving a clear work order with all required approvals. Project timelines are contingent upon force majeure conditions and site readiness. No verbal or implied assurances shall alter payment milestones for dispatched goods. Team Deployment time would be 3 to 5 Working days from the date of Material unloading at site and Written prior intimation to Start the work by email.

8. Liquidated Damages / Bonus

Unless specifically agreed in writing, NXT PHOENIXX SMARTBUILD LLP shall not entertain claims related to early delivery bonuses or delayed delivery penalties. No damages will be applicable for variations in delivery schedules.

9. Payment Terms & Structures

For Supply + Installation Orders (Contract Value ≤ ₹50 Lakhs)

(Against Work Order):

- **50% Advance:** Payable upon work order issuance to initiate procurement and resource mobilization.
- **50% Final:** Payable before dispatch, along with all applicable taxes, duties, and logistics charges. A Proforma Invoice (PI) will be issued upon request.

For Supply-Only Orders (Against Purchase Order):

- **50% Advance:** Payable along with PO issuance.
- **50% Balance:** Payable before dispatch, including all applicable levies and logistics costs. Dispatch occurs only after full payment receipt.

For Supply + Installation Orders (Contract Value > ₹51 Lakhs):

(Against Work Order with BOQ):

Supply Value:

- **30% Advance:** Due with order confirmation to initiate work.
- **70% Before Dispatch:** Due prior to dispatch, against PI & Readiness of material, with all applicable charges Freight, Insurance, taxes & Duties.

Erection Value: :

- **30% Advance:** Due with order confirmation to initiate work.
- **60% Progress Payment:** Running Invoice against Work.
- **10% Balance:** Payable within 7 working days after completion and client certification.

Note: No retention is applicable unless mutually agreed in writing. TDS, if deducted, must be supported by appropriate certificates.

10. General Payment Conditions

- Invoices must be settled strictly as per agreed terms.
- Services shall not proceed or materials be dispatched without full due payments.
- Sole Ownership of the goods will be of SUPPLIER "NXT PHOENIXX SMARTBUILD LLP" until 100% of the Payments received of the Supplied goods and invoice Value along with Freight chargers.
- Delayed payments beyond agreed timelines will attract an interest charge of **18% per annum**.
- **No Refund Policy:** Advance payments are non-refundable in case of order cancellation.

11. Return & Exchange Policy

Goods once sold shall not be returned or exchanged under any circumstances. Clients must confirm specifications and scope before order finalization.

12. Transit & Delivery Responsibility

NXT PHOENIXX SMARTBUILD LLP shall not be held responsible for any damages, losses, or pilferage during transit. Clients must inspect goods upon delivery and file claims with the carrier where applicable.

13. Buyer's Responsibility for Logistics

Freight, loading/unloading, packaging, and transportation charges shall be borne by the client on an actual basis. Such costs are not included in the base offer.

14. Scope Limitations

Unless otherwise specified, NXT PHOENIXX SMARTBUILD LLP does not include scaffolding, boom lifts, shifting of materials, or application of silicon sealants in its scope. These are the client's responsibility.

15. Client's Responsibilities

All items or services not clearly mentioned in the BOQ or offer shall fall under the client's scope. Timely provision of power, water, site access, and required documents (PO, GST No., PAN, delivery location, contact persons) is the client's obligation.

16. Documentation & Compliance

Clients must ensure timely submission of all necessary statutory and project-related documents including GST details, PAN, PO, all project related Drawing, and contact information.

17. Warranty & Support

Standard warranty of **12 months from commissioning** or **15 months from invoice date** (whichever is earlier) is applicable against manufacturing or installation defects attributable to NXT PHOENIXX SMARTBUILD LLP. Warranty becomes void in the event of third-party handling, modifications, misuse, or environmental damage. AMC-based after-sales support may be offered on request.

18. Force Majeure

Any delays arising due to natural disasters, strikes, wars, lockdowns, or acts of God shall extend project timelines without penalties. No compensation or damages will be entertained in such scenarios.

19. Variation in Quantities

All variation in quantities, post award of the contract during drawing approval or at later stage shall be suitably price corrected in accordance with the unit rates already available in the contract or in the quotation submitted by NXT PHOENIXX SMARTBUILD LLP. If there is any item required for execution but not quoted, the same shall be price adjusted through a revised quote to be furnished by NXT PHOENIXX SMARTBUILD LLP.

20. Billing & Quantification

Final billing shall be based on **approved drawings and Supplied Quantity, and executed site measurements** only. Tentative estimates or assumptions will not be considered for invoicing purposes, No Wastage of Supplied goods will be deducted From final Billing.

21. Delivery Schedule

For Cold Storage projects, PEB, Sandwich Panel, Cleanroom Panel Doors & Windows , Standard delivery lead time is **4 to 6 weeks** from the date of PO, subject to receipt of advance payment and client-approved drawings—whichever is later.

For **Aerocon Panel 2 to 3 weeks** from the date of PO, subject to receipt of advance payment and client-approved drawings—whichever is later.

22. Accommodation & Site Logistics

Client shall provide suitable accommodation and site logistics for NXT PHOENIXX SMARTBUILD LLP' personnel until completion and handover of the project.

23. Power & Water Supply

Unless otherwise mentioned, arrangements for water and power supply—both during construction and for testing—shall be made by the client at their cost, and shall be provided to the work location within proximity of 10 mtr.

24. Project Exclusions

The following items are excluded unless explicitly included:

- Safe storage of the panels, equipment & erection material.
- Any civil & structural works, including floor finish inside the rooms, secondary roofing, etc, If Structural and Civil work is not in the scope and po is not raised for the same.
- Platform and weather protection for the condensing units.
- Incoming power factor corrected power to the main electrical panel.
- Condensate Drain connection to drain point. We have considered piping to the nearest floor level.
- Single phase 230V, 50 Hz 32 A power supply for installation activity.
- Adequate lighting arrangement for installation activities.
- Provision of lights other than inside the rooms mentioned in the design.
- Inter connecting piping & cabling has been calculated based on the assumption as mentioned in the design. Additional distance will be charged on RMT basis.
- Primary member for suspension of air cooling units.

25. Validity of Offer

Unless explicitly extended or confirmed in writing, the offer is valid for **30 calendar days** from the date of issue. Post this period, prices and terms are subject to revalidation.

26. Dispute Resolution & Jurisdiction

Any disputes arising from this contract shall fall under the jurisdiction of **courts in Ahmedabad, Gujarat**. If arbitration is required, it shall be conducted under the **Arbitration and Conciliation Act, 1996**, by a sole arbitrator mutually appointed by both parties.
